Dryad Values

- Quality curation
- Longevity
- Community-led
- Nonprofit

California Digital Library

- Focus on digital curation & open access to scholarly works
- Strategic values to build on global networks and grow partnerships
- Well positioned within the institutional community
- Open-source, nimble technology: Dash

Partnership Goals

Goal 1: Sustainability for open-source, community-owned, data curation & publication infrastructure

Goal 2: Drive adoption in research community of curated data publishing

We Are Launching a New Dryad Service!

- ★ New product development team
- ★ Migrating classic Dryad onto CDL Dash technology
- ★ Transparent reporting and curation with administrative layer
- ★ Enhanced submission features

Adoption of Curated Data Publishing

Integrate directly into
researcher workflows
